TO WHOM IT MAY CONCERN

WYNLEIGH ICS REFERENCE

Namibia Civil Aviation Authority - Air Navigation Service (NCAA – AIS) receives, collates or assembles, edits, formats, publishes/stores and distributes aeronautical data and aeronautical information concerning the entire territory of Namibia as well as those areas over the high seas in which Namibia is responsible for the provision of air traffic services. Aeronautical data and aeronautical information is provided as an Integrated Aeronautical Information Package.

It is incumbent on the management of NCAA – AIS to maintain ISO 9001 certification for international recognition by its interested parties. Wynleigh International Certification Services was selected as the preferred service provider of certification services and awarded NCAA – AIS ISO 9001:2015 certification on 25th July 2019.

The professionalism and level of service provided by Wynleigh ICS has been consistent with their original offer. It is therefore, without hesitation that Wynleigh ICS is recommended as a certification body.

Yours sincerely,

Reinhard Gärtner
Interim Executive Director
