1 Debid Rd

Nuffield

Springs

To Whom It May Concern,

I have been the managing director for Infinity Diamond Wheels since we started the business in January 2020. Prior to that, I was the Operations Manager for Element 6, for nearly 20 years. We are in the manufacturing industry for Ceramics, Diamond Wheels and General Engineering and employe just over 110 people.

We have had the please to work with Wynleigh International Certification Services for the past two years. They have handled all our ISO certification requirements for ISO14001, ISO45001 and ISO9001. I have personally dealt with Bureau Veritas and SABS for 20 years but feel that Wynleigh have brought a new level of professionalism to our needs.

They are without a doubt the most organized and best-run company I have ever worked with, when it comes to auditing. I believe that this comes from their attitude, energy and talent. They run everything at 110%.

Under very difficult conditions they not only assured that we achieved our accreditation 1<sup>st</sup> time, but also contributed significantly on ideas on how to improve areas we had difficulty in.

I hope this letter reflects how special Wynleigh are to us. We trust them completely. The only hard part of working with them is to try and keep up with their energy!

Sincerely

Marius Joubert
