**To Whom it may concern**

I feel privileged to recommend Wynleigh as an ISO 9001 certification body for any firm.

Their ethical working behavior is highly regarded. Wynleigh did a transfer and surveillance audit in 2022 when we moved away from Intertek to obtain a more experienced audit to keep improving our systems.

Wynleigh did a recertification audit in September 2022, and we managed to receive the recertification until 2024, understanding the outcome of the audit and the continual improvement on our side. Wynleigh's auditors are professional and give guidance without consulting, which is necessary for any organization that wants to keep improving.

I am confident that Wynleigh will add value to any firm.

I can be contacted at any time for further information regarding the conduct and service of this organization.
