To Wynleigh International Certification Services

We are writing to recommend the certification services of Wynleigh International Certification Services. They came highly recommended, and we were not disappointed.

ISO can be a foreign language at times and Tony was an excellent translator. He took the time to review and understand our business and needs whilst guiding us through the ISO 9001 certification journey which allowed us to develop a system that works well for us and improve efficiencies. In the end, not only is our QMS more appropriate to our operations but our company has a much clearer understanding of ISO and Quality Management.

Wynleigh International Certification Services was fantastic in enabling our company to go through the ISO 9001 certification process efficiently whilst adding great value to our company processes.

We look forward to a continued partnership in maintaining our certification that reinforces our commitment to ISO 9001.

Kind Regards,

**Reinhard Dreyer**

Managing Director
