

CERTIFICATION POLICY STATEMENT

The Directors, Management and Staff of Wynleigh International Certification Services (PTY) Ltd. are committed to the principals of the ISO/IEC 17021-1:2015 and ISO/IEC 27006: 2024 international standards and other additional scheme specific requirements.

As a Certification Body, our purpose is to provide objective, impartial certification services that offer credibility to the certified client. By so doing, we also offer assurance of conformance, to the client's chosen standards, and to related interested parties.

Our Management System, that comprises policies and procedures, is implemented to maintain accreditation to the requirements of ISO/IEC 17021-1:2015 and ISO/IEC 27006: 2024. All those who work for and on behalf of Wynleigh International Certification Services (PTY) Ltd. are kept familiar with the most recent versions of this management system requirement.

To maintain absolute control of our brand, certification services are not outsourced to third party organisations.

We maintain focused attention on:

- Customer satisfaction and their brand credibility;
- Competence of all involved in the audit and certification activities;
- Conformance to accreditation and best practice requirements;
- Continual improvement of our management arrangements and the outputs of the processes they govern.
